Whooping Crane on Way Back From Extinction

Mankind doesn't like to be reminded that out of sheer thoughtlessness he has killed some wildlife down to extinction. The classic case is that of the passenger pigeon, a wild pigeon which once filled the sky over the North American continent. When the white man came to America he shot the passenger pigeon out of existence.

We are reminded of this every time some species is cut down to a dangerously low population. The current subject is the whooping crane. America's largest bird, it once numbered millions, but at one time was down to a count of exactly 14.

But conservationists sounded the alarm and this year the count has been brought up to 60. Here's the fascinating story as told in a press release from Conservation News, organ of the National Wildlife Federation:

The Whooper is coming back! According to recent government wildlife reports, North America's largest bird, the whooping crane, is winning its battle for survival. On the verge of extinction in the 1940's, the whooper population in the wild now numbers about 60. The census of the birds reached its low point in recent years, when only 14 were counted in their special winter refuge area on the Texas Gulf Coast. An exact count of the present population will be taken when the birds arrive for the winter at Aransas National Wildlife Refuge.

While it was never exactly known how many of the birds existed, biologists do know that at one time they ranged over much of the continent, from the Arctic to central Mexico, and from the Rockies to the Atlantic. As man gradually encroached on the habitat lands, their numbers shrank to the point of virtual extinction.

In order to save the cranes, an effort was launched to find their summer nesting grounds, their migration routes, and their winter habitats. Finally, the birds were spotted in a remote wilderness area in northern Alberta and the adjacent Northwest Territories, in a land of muskeg and stunted spruce so isolated that few white men or Indians had ever ventured there. This summer area where the cranes lay their priceless eggs, is now protected within the boundaries of Canada's Wood Buffalo National Park.

The winter habitat, the Aransas Refuge, was established in 1937 to protect whoopers and other threatened wildlife. The first accurate count of whoopers made there, in 1940, showed 22 adults and 6 young on the refuge. The 1970 winter count showed 51 adults and 6 young, and a slightly increased population is expected this year.

Standing five feet tall or more, with a crimson crown, the whooping crane, known for its ringing, buglelike call, is pure white except for black-tipped wings that spread some seven feet.

A Good Catch? No, a bad one. Hundreds of thousands of dead fish littered shallow lagoon waters and the sands near Rio de Janeiro's famed Ipanema Beach, done in, according to authorities, by pollution. While sanitation crews rushed clean up operations to beat mounting south-of-the-equator summer temperatures, a few of the girls from Ipanema, below, check out the dismal situation.

House Expected to Halt Aid to Pakistan, India

By MICHAEL PUTZEL
Associated Press Writer

WASHINGTON (AP) — The House is expected to act today or Wednesday on a move to cut off \$349 million in aid to India and Pakistan until the two nations stop fighting.

The suspension was approved Monday by the House Appropriations Committee following a State Department move to halt \$87.6 million in aid bound for India.

The White House blamed India for the outbreak of war, saying it was "very unfortunate and quite contrary to recent favorable international trends" for India's armed forces to move into East Pakistan.

However, two senators just back from India criticized the Nixon administration for what they called unwarranted but obvious bias in favor of Pakistan, which they agreed was out-gunned by India.

Sen. Frank Church, D-Idaho, called for an even-handed neutrality in dealing with the warring nations, and Sen. William B. Saxbe, R-Ohio, said both sides had lied to him about their intentions as they planned aggressive moves against each other.

The House committee acted on the India-Pakistan issue as it cleared for a House vote a \$2.48-billion foreign aid bill that also would eliminate the \$100-million U.S. contribution to the United Nations' major foreign-aid program.

The committee approved by voice vote a proposal to ban

any new U.S. aid during the India-Pakistan fighting except for refugee and humanitarian relief. The ban could be lifted if President Nixon declared the aid in America's own best interest, but Sen. Clarence D.

Long, D-Md., said he did not believe Nixon would make such a move.

The bill included \$230.1 million for India, \$118.6 million for Pakistan and \$300,000 for U.S. training of Indian troops.

Vote Scheduled on Child Care Issue

WASHINGTON (AP) — The House scheduled a vote today on a \$6-billion bill to continue federal antipoverty programs for two more years and launch a major new child-development program.

In the face of a White House-led drive to kill the bill and threats of a presidential veto if it passes, Speaker Carl Albert has tried to rally support for it by calling today's vote "the paramount moral vote of the session."

Some of the steam may have been taken out of the Republican opposition by the 63-17 vote for the bill in the Senate last week. Twenty-seven Republicans supported it, including the top GOP leaders.

The chief target of House opponents is the proposed child-development program, which would provide a full range of educational, nutritional and medical services for pre-school children of working mothers.

The services would be free for children from families with incomes under \$4,300. Fees based on a sliding scale according to income would be charged

other families. All families would be eligible for the program.

The bill authorizes \$100 million this year to set up the program and \$2 billion for the fiscal year starting July 1 to put it in operation. If fully funded, which is unlikely in view of the Nixon administration's opposition, it would take care of about two million of the estimated six million pre-school children of working mothers.

Besides potential costs of the program, the administration objects to a provision giving local communities top priority in operating child-development centers. It wants the states to have control.

There also is fierce opposition from conservative Republicans and Democrats to the whole concept of the program. They charge it would undermine the role of the family and subject children to social experimentation.

The fight over the child-development program has obscured another major innovation in the bill: creation of an independent corporation to take over the legal-services program now run by the Office of Economic Opportunity.

The bill authorizes \$1.9 billion for the OEO for fiscal 1972 and 1973 to continue its various antipoverty programs, \$1.4 billion for job training and neighborhood youth services and \$500 million to operate Head Start until it is absorbed into the new child-development program.

The term expires on Jan. 14, 1974.

Communists Bombard Phnom Penh

By ROBIN MANNOCK
Associated Press Writer

PHNOM PENH, Cambodia (AP) — Communist forces bombarded Phnom Penh with rockets today, blew up a key highway bridge southwest of the Cambodian capital, and continued besieging government troops northwest of the city.

One of the 100-pound rockets crashed into a slum area on the western edge of the city, smashing two houses and wounding three civilians.

Three other rockets hit around the Phnom Penh airport, and 10 were fired at a Cambodian command post at Bek Chan, about 12 miles west of the city. There was no report of casualties or damage in these two attacks.

Sappers set off an explosive charge at a crossroads bridge on Highway 3 about 14 miles southwest of the city. Meanwhile, two Cambodian battalions pushing westward from the capital to relieve the beleaguered garrison at Phnom Baset, 14 miles to the northwest, ran into heavy opposition from the North Vietnamese 1st Division.

U.S. helicopter gunships and jet fighter-bombers apparently failed to dislodge the North Vietnamese from their heavily fortified bunkers. The reinforcements linked up briefly with the garrison at Phnom Baset but were driven back by a North Vietnamese counter-attack.

Two miles beyond Phnom Baset, the district town of Bat Doeung was overrun Monday and officers in the field said that only about 50 of the 200-man garrison had reached safety.

In Saigon, the South Vietnamese military command said its paratroopers searching a Cambodian area four miles east of Dam Be found the bodies of 29 North Vietnamese troops killed by air strikes along with 42 bunkers that had been destroyed or damaged.

Dam Be, a major North Vietnamese staging area and supply point, is north of Highway 7 about 30 miles from the Vietnamese border and 85 miles northeast of Phnom Penh.

Only small patrol actions were reported in South Vietnam.

The South Vietnamese command announced that 2,500 South Vietnamese rangers and armored troops had closed out a week-long drive south of the Saigon-to-Phnom Penh highway, just inside Cambodia and about 85 miles west of Saigon.

Welfare Dept. Forced to Give Information

DES ARC, Ark. (AP)—Pros. Atty. Sam Weems of Des Arc said that four employees of the state Welfare Department brought him information he had requested Monday on 44 cases of alleged food stamp violations. Weems said that the four, who were or have been members of the division's Committee on Overpayments involving food stamps, answered subpoenas.

Weems said he had to subpoena the four because of the division's "confidentiality rule." He said they had refused to provide him the information.

Weems met with Delores Swanner, Nancy Englehart, A. J. Wallas and Ivan Smith, the division's attorney. The prosecutor said that he had found 44 cases in his district in which \$18,173 in food stamps had been "illegally paid out."

Weems said the four employees told him Monday that they used a department manual to recover overpayments. Weems said the manual did not seem to follow "common sense."

He charged that the department had known about the overpayments, but had failed to take any action.

India Claims Sweeping Advances But Admits Fighting Very Heavy

UN Seeks Ceasefire

By SHIRLEY CHRISTIAN
Associated Press Writer

UNITED NATIONS, N.Y. (AP) — A dozen small countries, including Argentina and Somalia, laid before the General Assembly Tuesday a resolution calling for an immediate cease-fire in the Indian-Pakistani war.

U.S. Ambassador George Bush expressed the hope the 131-nation assembly would approve the proposal "by early afternoon."

The proposal, submitted moments after the assembly took over the problem from the deadlocked Security Council, was the same one vetoed by the Soviet Union in the council Sunday night.

Somalia Ambassador Abdulrahman Abby Farah announced he and others were reviving the resolution sponsored in the council by Argentina, Belgium, Burundi, Italy, Japan, Nicaragua, Sierra Leone and Somalia.

The proposal was formally introduced by Argentine Ambassador Carlos Ortiz de Rozas who said Spain, Ghana, Indonesia and Tunisia had become cosponsors.

Besides an appeal for a cease-fire, the resolution also urged withdrawal of all troops

to their own side of the Indian-Pakistan borders.

The Assembly scheduled additional meetings for the afternoon and evening. And, in an effort to speed action, Assembly President Adam Malik imposed a 10-minute limit on all speeches except those of India and Pakistan.

Somalia made the proposal to transfer the issue to the assembly under the United for Peace resolution adopted in 1960 to get around the big power veto in the council. The proposal was carried by the votes of the United States, China and nine of the 10 nonpermanent members of the council.

The Soviet Union, Poland, Britain and France abstained, with the two Western powers arguing that the assembly would only delay action and that the council should continue to work for agreement.

Like the previous council sessions since the war broke out, the 5½-hour meeting Monday was marked by clashes between China, Pakistan's leading backer, and the Soviet Union, India's chief supporter.

Ambassadors Jacob Malik of the Soviet Union and Huang Hua of China accused each other of betraying socialism.

Pakistan Setting Up Coalition Rule

NEW DELHI (AP) — President Agha Mohammed Yahya Khan of Pakistan has asked former Foreign Minister Zulfikar Ali Bhutto and Nurul Amin, a rightist East Pakistani political leader, to form a coalition government, Radio Pakistan announced today.

Bhutto, who earned a reputation for being pro-Chinese, is leader of the leftist Peoples party. It won a majority of National Assembly seats from West Pakistan in last December's national elections. Amin is leader of the right-wing Pakistan Democratic party. He is a political foe of Sheikh Mujibur Rahman, the imprisoned head of the Awami League, which won all but two of the National Assembly seats in East Pakistan. Amin was one of the two non-Awami Leaguers elected.

U.S. Dollar Drops Sharply to Record

LONDON (AP) — The dollar dropped sharply on major foreign exchange markets today, hitting record lows in West Germany and Japan for the second straight day.

Activity on the money markets reflected speculation over the new fixed exchange rates that will emerge in any package settling the international monetary crisis, perhaps before the end of the year.

The Japanese yen and the West German mark, now the two most undervalued currencies in the non-Communist world, are generally expected to be revalued upward in any realignment and the dollar devalued.

For this reason the dollar has been weakest in Frankfurt and Tokyo.

In Frankfurt, the dollar dropped to 3.2360 marks, an all-time low. The figure represented a 13.1 per cent upward revaluation of the mark since it was first allowed to float last May.

In Tokyo the dollar hit a record low of 324.35 yen. The equivalent of a 10.94 per cent upward revaluation since the yen began floating Aug. 28.

Elsewhere the dollar was generally weaker, although above record lows.

India claimed sweeping advances in East Pakistan today, with the Pakistani army on the run and its air and sea communications with West Pakistan cut. But New Delhi reported heavy fighting on the other side of India, in Kashmir, and said its forces "have given up a certain amount of ground."

A Pakistani spokesman in Rawalpindi claimed that the Pakistani forces were advancing rapidly in Kashmir.

An Indian spokesman said the Pakistanis had thrown two infantry divisions and three armored brigades into the battle in the Chamb sector in southwestern Kashmir, between the Indian city of Jammu and Sialkot in Pakistan. It is ideal terrain for tanks and was the scene of heavy fighting in the 1965 war for Kashmir.

Pakistani forces are also putting heavy pressure on the Indians in the Punch area to the north of Chamb, the spokesman reported. "Their main activity has been in those two sectors of Jammu and Kashmir," he said, "and they have repeatedly tried to capture Punch."

However, the spokesman in Rawalpindi claimed Pakistani forces are fighting "on Indian soil in all sectors on the western front." He said the Indians were putting up resistance in areas outside Kashmir but did not pinpoint these.

Monday night spokesmen in Rawalpindi claimed the capture of Mandiala, in the Chamb sector, and advances around Punch. India, meanwhile, claimed its troops had destroyed 96 Pakistani tanks on the western front.

Charges Filed in Connection With Thefts

Sheriff Henry Sinyard said Tuesday charges have been filed against three local persons in connection with burglary and grand larceny.

A charge of burglary and grand larceny was filed against Lee West, Negro, in connection with the burglary some two weeks ago of the Thomas Lockard home. Six guns have been recovered and some clothing. A warrant has been issued for West who apparently has left the area. One gun was recovered at West's home here and the others at Emmet where they were sold.

Harold Porter Jr., Negro, charged with burglary and grand larceny in connection with theft of tires, motor and car equipment from a car owned by Bobby Clayton and for taking clothes from the S & S Store. He is in Hempstead County jail.

Edward Taylor, Negro, is charged with grand larceny in connection with the theft of a rifle from a pickup owned by Buck Rogers. He is in Hempstead County jail.

Assures the U.S. Won't Interfere With Canada

By LEWIS GULICK
Associated Press Writer
WASHINGTON (AP) — President Nixon has assured Prime Minister Pierre Elliott Trudeau that the United States does not intend to interfere with Canada's wish to pursue her future in her own way.

This emerged from Canadian accounts as a central point in Monday's Nixon-Trudeau session—the first of the President's five summit parleys before going to Peking and Moscow.

During the 2½-hour White House meeting, Trudeau reportedly spoke of the desire of many Canadians for a fuller national identity and for economic development not dictated by financial interests of Canada's giant neighbor to the south.

Nixon at one point responded with some astonishment to Trudeau's inquiry concerning America's long-range intent toward Canada, Canadian officials told newsmen.

And Trudeau felt reassured by Nixon, they said, that the United States does not want to plow Canada under, either by purpose or indifference.

Canadian officials agreed with presidential press secretary Ronald L. Ziegler that the late-afternoon talks and White House dinner afterward produced "a very full and cordial discussion."

Survivors of Pearl Harbor Gather Today

HONOLULU (AP) — Some 2,500 members of the Pearl Harbor Survivors Association are gathered today on the 30th anniversary of the attack which propelled the United States into World War II.

They will attend services at the site of the Japanese attack, as other ceremonies are held around the nation to honor the 2,409 Americans killed at Pearl Harbor Dec. 7, 1941.

Adm. Bernard A. Clarey, commander of the U.S. Pacific fleet, speaks at a sunrise service starting at 7:55 a.m. Hawaii time, the hour the attack began.

Sen. Daniel K. Inouye of Hawaii, an American of Japanese descent who was decorated for valor in Europe during World War II, speaks at sunset memorial services being held at the white memorial constructed atop the sunken battleship Arizona.

The services at the Arizona memorial were requested by the survivors association, which is holding its annual convention.

The Arizona is a watery tomb for the 1,102 men who were trapped in the battleship when she went to the bottom.

Parts of the ship can still be seen below the surface of the clear water and occasionally oil from the Arizona bubbles to the surface.

The start of another memorial is also scheduled today. It will mark the site of the sunken anti-aircraft gunnery ship Utah and the 54 crewmen who went down with her.

John Berlier of Indianapolis, secretary-treasurer of the survivors association, said 85 chapters across the nation have scheduled observances of Pearl Harbor Day today.

Weems Requests Firing of ABC Board Director

DES ARC, Ark. (AP)—Proq. Atty. Sam Weems of Des Arc said Monday he had written Gov. Dale Bumpers asking that J. P. "Bob" Brumblow be fired as executive director of the Alcoholic Beverage Control Board.

Weems wrote the letter after being miffed upon learning that a hearing he thought would be held today had not been scheduled.

The hearing was to have been held to take up alleged liquor law violations by the 11-70 Club near Hazen.

Weems accompanied State Police on a raid of the club and he said, State Police found 35 violations of ABC regulations, including sales to minors.

He said he had been told three weeks ago that the hearing would be Dec. 7 but that Monday, Capt. W. A. Tudor of the State Police Criminal Investigation Division, on Weems' request, checked the ABC and discovered that the hearing was not scheduled.

Weems said his case was prepared and he had asked a witness to return to Arkansas from California to appear at the hearing.

"Other political forces here don't want a hearing, evidently," Weems said.

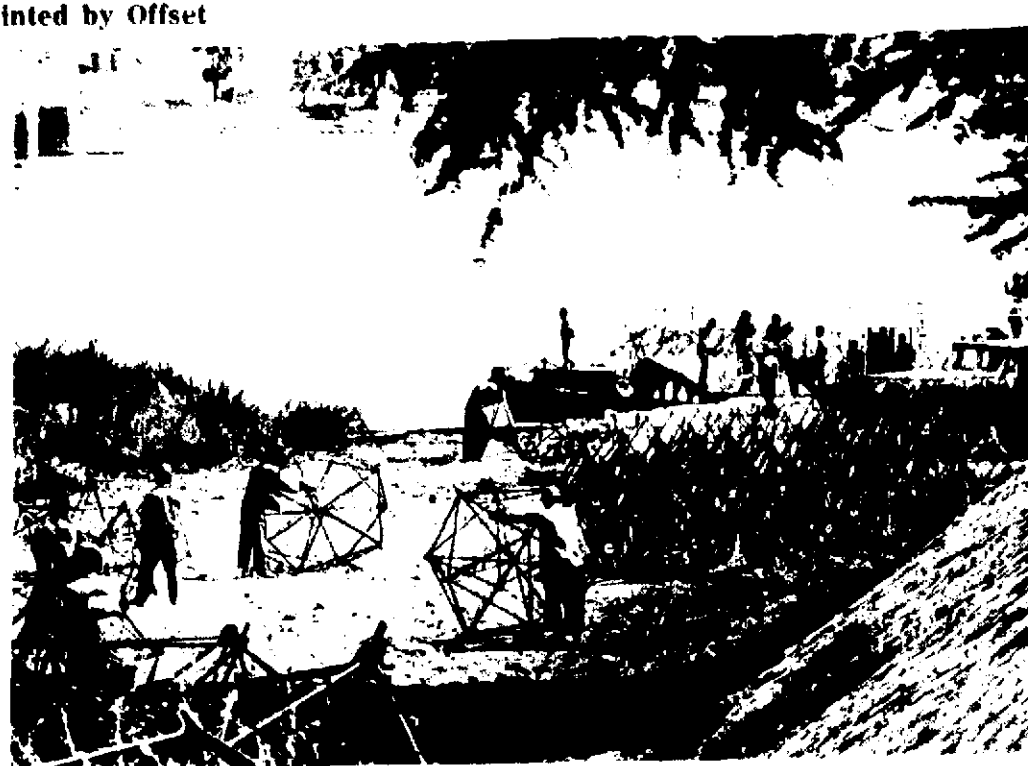

He charged that the ABC was more interested in playing politics than in saving the lives of citizens by acting forcefully against liquor outlets that violate regulations.

Stanford Atomic Center Bombed

STANFORD, Calif. (AP) — Two bombs ripped the Stanford Linear Accelerator Center Tuesday, causing what officials estimated at up to \$100,000 damage to the world's largest device for atomic particle research.

There were no injuries and no radiation leaks, officials said.

The \$100-million center, which does no classified work, is a national research facility operated by Stanford University for the Atomic Energy Commission.

The bombs were thrown into the Klystron Tube Gallery at the west end of the two-mile long accelerator west of the campus, the university said.

Electronic gear was left "in a shambles," an official said.

Officers Deny Beating Two Suspects

LITTLE ROCK (AP) — Two former Little Rock police officers denied Monday charges that they had beaten two burglary suspects arrested early the morning of Aug. 9 on the roof of a Little Rock restaurant.

Doyle Webb, 30, and Ronnie E. Phillips, 24, offered the testimony in Circuit Court in their appeal from a Little Rock Civil Service Commission ruling affirming their dismissal.

Webb said he "swung" once at one of the suspects, knocked him to the ground and held him there briefly before loading him into a police car. Phillips said he shoved one of the suspects from behind in the alley entrance to the Little Rock jail because the suspect was resisting two other officers trying to make him enter the jail.

The two patrolmen testified that was their only involvement in the arrests of Bobby Joe Harrington, 27, and James Milton Sipes, 31, both of North Little Rock. Webb, Phillips and Patrolman Raymond L. Miller, 26, of North Little Rock were fired for allegedly having beaten Harrington and Sipes. Miller died Aug. 18 of what officials said was a self-inflicted gunshot wound.

Both had been shot with a .22-caliber rifle. Holt ruled that Brown shot Mrs. Brown and then himself. Brown was president of Western Meat Packers of Little Rock.

Approves Flood Control Funds

WASHINGTON (AP) — The House passed Monday a bill to authorize additional appropriations totaling \$680.1 million for flood control projects.

Of the total, \$628 million is for continuing work planned through calendar year 1972 in 14 river basins.

The Arkansas River has been allotted \$57 million under the river basin authorizations.

Also allotted money were the Mississippi River and its tributaries, \$97 million; Ouachita River, \$1 million and the White River, \$4 million.

Accident Fatal to Two Persons

JONESBORO, Ark. (AP) — Two Craighead County residents were killed in a two-vehicle accident on Arkansas 1 four miles north of here late Monday afternoon.

State Police identified the victims as Billy Woods, 19, of Brookland and Bruce Brown, 50, of near Jonesboro.

Police said Woods' car hit Brown's pickup truck head-on as Woods attempted to pass another vehicle.

Favors No-Fault Insurance Law

LITTLE ROCK (AP) — Public pressure likely will lead the 1973 General Assembly to approve a no-fault insurance law, the American Insurance Association vice president said here Monday.

The official, Melvin Stark, said Florida, Massachusetts and Illinois already had enacted such plans.

Brief Break in Weather Expected

By THE ASSOCIATED PRESS

A brief break from the dreary weather of the past few days is expected in Arkansas.

Precipitation was ending across the state this morning as a low pressure storm system moved rapidly northward out of the area.

A few brief periods of sunshine are expected by this afternoon with partly cloudy skies and warmer temperatures forecast for most of the state tonight and Wednesday.

Another frontal system was moving eastward through the central Rockies this morning which means an increase in cloudiness again by Wednesday afternoon. Rain is expected in the northwest portion of the state by Wednesday afternoon or Wednesday night.

Maximum temperatures Monday were in the 40s and 50s. Highs today should be in the mid 50s to low 60s with highs Wednesday mostly in the 60s.

Lows tonight should be in the upper 30s to mid 40s.

Overnight lows include Fayetteville 41, Harrison 41, Jonesboro 48, Pine Bluff 47, Texarkana 43, El Dorado 43, Memphis 50, Little Rock 48 and Fort Smith 44.

Rainfall reports for the 24-hour period ended at 6 a.m. include .90 at Harrison, .34 at Fayetteville, .92 at Jonesboro, .31 at Pine Bluff, .73 at Texarkana, .51 at El Dorado, .16 at Memphis, .55 at Little Rock and .50 at Fort Smith.

Action on Foreign Aid Delayed

WASHINGTON (AP) — House action on a \$2.84-billion foreign-aid money bill has been delayed a day for a possible break in the House-Senate deadlock over reauthorizing the aid program.

The House vote scheduled today was put off until Wednesday after Senate Appropriations Committee Chairman Allen J. Ellender, D-La., said it may be possible to break House-Senate conferees' impasse over the six-month Indochina war deadline in the Senate foreign-aid authorization bill by then.

Chairman Otto E. Passman, D-La., of the House foreign operations appropriations subcommittee, who agreed to the delay, said he had no details on the nature of the possible break.

"I agreed that, if there was any hope of resolving this matter, we would put off the vote," Passman said.

House leaders decided Friday to put off the foreign-aid money bill with or without the authorization measure. This came after conferees deadlocked over Senate Democratic Leader Mike Mansfield's amendment calling for withdrawal of all U.S. forces from Indochina in six months if American prisoners are released.

The \$2.84 billion money bill was run through all preliminary steps for House action in a single day Monday, including waiver of a congressional rule that a program must be authorized before funds can be appropriated for it.

In the process, the House Appropriations Committee tacked on a ban against any new U.S. aid to India and Pakistan until they stop fighting and cut \$100 million off the U.S. contribution to the United Nations.

Birthday Celebration

To celebrate Mrs. W. B. Ruggles' birthday a family group of 27 gathered at Perry's Restaurant on Sunday, December 5. For the surprise dinner the tables were decorated with red carnations and red candles. The honoree's only brother, Sidney Churchwell, Mrs. Churchwell and family joined the Ruggles children and grandchildren for the party.

Traditional music of the season and "Happy Birthday" were played by the organist, Gerald McClellan. After dinner, the group went to the Ruggles home for cake and coffee, and Mrs. Ruggles opened her birthday gifts.

Those traveling the greatest distance for the occasion were two granddaughters, Mrs. Billy Rives of San Francisco, Calif., and Mrs. John Tatum of Rhodesia, South Africa.

Holiday Dance

Christmas decorations of red and green were used at the Hope Country Club on Saturday, December 4, for a holiday dance with the John B. Noble Trio of Little Rock providing the music. About 125 members and guests were served assorted snacks during the evening.

Host couples were Mr. and Mrs. Talbot Feild, Jr., Billy Bob White, Jack Caldwell, and John Robert Graves.

The Auxiliary bestowed a gift to the American Medical Association Education Research Foundation in honor of the late Mrs. Don Smith, a member of the Auxiliary for many years. The money will be used for research at the University of Arkansas School of Medicine.

The Auxiliary will emphasize health careers and legislation this year. Mrs. Lowell Harris and Mrs. Forney Holt were appointed co-chairmen of Health Careers, while Mrs. Jim McKenzie was appointed legislation chairman. Mrs. Jud Martindale was named Funds Chairman. She sold stationery to help with Auxiliary loan funds for students.

Mrs. Lynn Harris was elected secretary-treasurer, and Mrs. J. W. Branch was appointed Doctor's Day Chairman.

WCS Yule Luncheon

Mrs. Paul V. Galloway of Little Rock was the special guest speaker at the Christmas luncheon of the WCS at the First United Methodist Church on Monday, December 6. "The WCS is one of the greatest educational agencies because of its balanced programs," she said. She said that Circle work can be a great adventure and challenged the members to "be active, get involved and take the right approach" in order to carry out the program. Mrs. John B. Gardner introduced the speaker.

Mrs. Arch Wylie was named WCS President for the Hope Church in 1972, and she will be formally installed at the morning worship service on Sunday, January 9. It was announced that a new Circle had been organized and will begin functioning with the new church year.

Mrs. Steven Bader presided over the business meeting and introduced the guests who included the Hope District Superintendent, Dr. Mouzon Mann, and Mrs. Mann, District WCS President Mrs. W. D. Cohea of Blevins, the Rev. and Mrs. Norris Steele, the Rev. and Mrs. Jerry Westmoreland, the Rev. and Mrs. W. R. Burks, the Rev. and Mrs. Guy Downing, WCS members from Blevins and Oak Grove, and one from Stuttgart, Mrs. George Roebbeke.

Christmas figurines in gold with red velvet and red candles decorated the head table, while candles, berries, Christmas tree balls and holly were used on the other tables, and a tasty meal was served to 75. For the program Mrs. Harold Mobley read the Christmas story from the Bible, and Mrs. Don Johnson, accompanied by Mrs. B. C. Hyatt, sang "The Birthday of a King."

Here Come Christmas Cookies

HOLIDAY FARE — Rolled spice cookies can be cut in shapes to suit your own fancy.

By Cecily Brownstone
Associated Press Food Editor
One of the best holiday cookies we've ever eaten is a rolled cookie that's spiced delightfully. White pepper goes in along with cinnamon, cloves and ginger!

These cookies, said to hail from Norway, are thin and crisp. They take time to roll out, but if you like to work with your hands, you'll consider that fun. And when you taste them, you're bound to consider your time well spent.

ROLLED SPICE COOKIES

2 1/2 cups unsifted flour
1/2 teaspoon baking soda
3/4 teaspoon cinnamon
1/2 teaspoon ginger
1/4 teaspoon white pepper
1/2 cup sugar
1/2 cup dark corn syrup
1/2 cup (1/4-pound stick) butter or margarine
1 egg

On wax paper thoroughly stir together the flour, soda, cinnamon, cloves, ginger and pepper.

In a 1-quart saucepan stir together the sugar, corn syrup and butter; over medium heat bring to a boil, stirring occasionally. Cool to room temperature. Beat in egg. Stir in flour mixture, mixing well. Chill dough, covered, overnight.

Divide dough into 4 portions. Work with one portion at a time and keep remaining portions in the refrigerator.

On a floured pastry cloth, with a floured stockinet-covered rolling pin, roll out one portion of the dough as thin as possible — less than 1/16 inch thick. With floured cookie cutters, cut into various shapes. Place 1-inch apart on greased cookie sheets.

Bake in a preheated 350-degree oven until lightly browned — 5 to 6 minutes.

Yield will depend on size of cutters, but if a 3-inch cutter is used there will be about 10 dozen cookies.

Coming, Going

Mrs. M.M. McCloughan has returned from Memphis and a visit with the M.E. McCloughan family.

Joel Gaines, the inventor of Bridge, the two-handed bridge game that is achieving great popularity, is also a very good player of bridge itself.

Here we see Joel sitting East with his brother Jud sitting West.

We hold no brief for South's bidding. The four-spade contract is not unreasonable and would make against ordinary defense.

Jud opened the queen of clubs and Joel went the trick with his ace. There was no trouble about Analyzing the lead, but a Review of the bidding was most instructive. South probably held exactly three diamonds. In that case Jud, sitting West, would hold a doubleton. If he also held a trump trick something nice might develop for the defense.

Could Jud hold a singleton diamond? Possibly, but not probably. He might well have opened a singleton.

How could Joel beat the contract? If West held exactly two diamonds and three trumps to the ace or king.

After all this thought it was easy for Joel to lead a low diamond. South went up with his king and led trumps, but it didn't matter whether

Jud won the first or second lead of the suit. He was able to lead his other diamond to Joel's ace and set the contract by ruffing the third lead of the suit.

Bobcats Defeated 67-58 Hope by Catholic Rockets

SPORTS

By BILL MOORE
Star Sports Writer

Hope's Bobcats fought hard for three full quarters, but the Little Rock Catholic Rockets put on their jet packs and pulled away to a final 67-58, victory in the final outcome and thus eliminate the Bobcats.

While both teams were busy hitting over 60 per cent on free throws, Catholic placed four players in double figures on jump shots and layups, hitting 28 field goals while limiting Hope to 21. Also, both teams stayed out of real foul trouble with the Rockets committing 12 fouls to the Bobcats' 14.

Tech Looking Strong in SWC Cage Play

By THE ASSOCIATED PRESS

The Texas Tech Red Raiders soundly whipped another strong intercollegiate foe Monday night while the Texas Aggies fell from unbeaten grace and Rice collected its first victory in Southwest Conference basketball action against non-conference foes.

The Red Raiders wrapped up their third victory without a loss in a sound 90-70 thrashing of Oklahoma before a cheering throng of 7,830 fans in Lubbock.

The Aggies, who out rebounded Tulsa 42-45, lost 90-79 to the Golden Hurricane as the visitors connected on a sizzling 56.9 per cent of their shots from the field.

In other games involving SWC clubs, Baylor whipped Louisiana State 81-77, Rice edged The Citadel 73-69, Missouri-St. Louis tripped Arkansas 85-79, and Texas dropped Oklahoma City 90-83.

Houston, which begins its SWC play in 1976, was upset by tiny Southwestern Louisiana 97-88.

Guards Richard and Greg

went ahead before Bill Rowland hit two points to tie the score and then a 15 footer by Steve Harris and an inside layup by Jimmy Smith pushed Hope out to a 10-6 margin with 2:42 left in the period.

Fate hit the Cats at this point though and only scoring three points while allowing nine to the Rockets. Hope soon found themselves trailing at the quarters' end, 15-13, but only for a short time.

Although Catholic took the second period tipoff and hit the first two markers of the quarter, Hope decided it was their turn for a hot streak as they hit ten straight points, all on field goals. Harris put the first two in after a pass under the goal from Rowland, Briggs then hit the tying and go-ahead field goals to give Hope a 19-17 margin, and then popped in another after

Smith had hit a layup.

With 4:05 left in the first half of play, Catholic decided it was time for a break in the action as they called time to discuss things on how to stop the red-hot Bobcats. However for the first few seconds after the break, it was not immediately figured out as Buddy Ingram hit a free throw and then came back to connect on a jumpshot and shoot the Cats out to a 26-17 lead with 3:07 left.

During the remainder of the first half, the Rockets put on a press and narrowed the halftime score to two points, 26-24, on three field goals and a charity shot.

Seemingly to many, it would now become a close game and possibly by decided in the last few seconds, but that would not be the outcome, as Catholic began to get on a scoring streak late in the third quarter and throughout the fourth.

Hope took the second half tipoff but couldn't score and after a Rocket field goal, the long seige began.

Each team took a turn owning the lead as the score saw-sawed back and fourth changing hands while the score was also tied six times during this time. However, with 1:56 left in the third period, Catholic took the lead for good on two free throws and soon entered the fourth and final stanza with a 44-39, lead.

Scoring 19 points, the Cats still came out on the short end as the Rocket assault hit 23 to seal the margin of victory, building their lead to as much as 16 points, 66-47, with 2:28 left in the game. However, the shooting of Rowland, Briggs, and reserves Mike Harris and Bud Martin, narrowed the gap to a final nine point outcome.

Briggs popped in 15 points, Smith hit 10, Ingram added nine, and Rowland put in eight. Tonight, the Bobcats and Ladycats host two tough Stamps teams at Jones Field House with the first game getting underway at 6:30 p.m.

Long Beach State, 2-0, jumped from eighth to sixth with 392 points, while Kentucky, also 2-0, climbed from 10th to seventh with 350 points.

Bruins Still Rated Best in Basketball

By ALEX SACHARE

Associated Press Sports Writer UCLA, NCAA basketball champions in each of the past five seasons, overpowered its first two opponents of the 1971-72 season and retained its No. 1 spot in the weekly Associated Press poll of sports writers and broadcasters across the nation.

The Bruins, who overpowered the Citadel 108-49 Friday night and pounded Iowa 106-72 Saturday night, received 24 of a possible 44 first place votes and 803 points overall to retain the first place ranking they held in the preseason poll.

Marquette, also an easy winner in its first two outings, jumped from fourth to second, getting seven first place votes and 739 points. North Carolina, despite overwhelming Rice 127-69 in its only start, dropped from second to third with 724 points, although the Tar Heels did garner nine first place votes.

Ohio State, which topped Georgia Tech 63-55 and Oregon 68-57 over the weekend, climbed a notch from fifth to fourth, with 505 points and three first place votes. Maryland, an impressive winner over Brown and George Washington in its first two outings, also moved up one spot to fifth, with 476 points and the remaining first place vote.

Long Beach State, 2-0, jumped from eighth to sixth with 392 points, while Kentucky, also 2-0, climbed from 10th to seventh with 350 points.

Rounding out the Top Ten were No. 8 Jacksonville, 11th last week; No. 9 Michigan, 13th in the preseason ratings, and No. 10 Pennsylvania, up from

15th. Each is 2-0 this season.

Heading the Second Ten is South Carolina, 1-0, which trailed 10th ranked Pennsylvania by only one point and was 12th last week. Houston, 2-1, dropped from seventh to 12th, while Southern Cal, 1-1, plummeted from third to 13th. St. John's, N.Y. 2-0, placed 14th and Brigham Young, also 2-0, was 15th.

The rest of the top 20 consisted of No. 16 Louisville, 1-1; No. 17 Arizona State, 2-0; No. 18 Florida State, 2-0 and Villanova, 2-0, tied, and No. 20 North Carolina State, 2-0.

In the preseason ratings, St. John's was 17th, Brigham Young 19th, Louisville ninth, Villanova 18th and Arizona State, Florida State and North Carolina State were all unranked.

Dropping out of the top 20 from the preseason poll were No. 14 Kansas, No. 16 New Mexico State and No. 20 Oklahoma.

The top 20 with won-lost records through Saturday night and total points on the basis of 20 for first, 18 for second, 16, 14, 12, 10, 9, 8 etc. through 15 places:

Two Players for Atlanta Falcons Are Arrested

MARIETTA, Ga. (AP) — Atlanta Falcons' quarterback Bob Berry was arrested on charges of assaulting a police officer and defensive end Randy Marshall was arrested on charges of keeping a disorderly house following a raid in Cobb County Monday night, sheriff's officers said.

In addition county police arrested Carol Nichols, 20, of Marietta, on marijuana charges and she was being held under \$1,000 bond.

Berry was released under \$500 bond and Marshall was placed under \$500 bond. Berry told newsmen after he was released that several officers had attacked him when he asked them why they had arrested Marshall.

"I've never been involved with marijuana or any kind of dope," he said.

Southwestern Louisiana, playing a major college schedule this season for the first time, got 41 points from Dwight Lamar, last season's small college scoring champion, in upsetting Houston. Lamar connected on 14 field goals and 13 of 16 free throws in helping Southwestern raise its record to 2-1.

West Virginia, winning for the third time in three starts, forced 34 North Carolina State turnovers with a pressing man-to-man defense. Will Robinson's 31 points and Levi Phillips' 20 paced the Mountaineers, who rallied from a 52-45 second-half deficit.

Nicklaus Wins to Take Money Lead

By BOB GREEN

Associated Press Golf Writer ORLANDO, Fla. (AP) — Lee Trevino shrugged off the loss of pro golf's leading money winning title to Jack Nicklaus. "He deserves to win it," Trevino said Monday after Nicklaus had vaulted past him with a \$30,000 victory in the Walt Disney World Open—each player's final event of the year.

"He's a better player. Just look at the record. He hasn't played in half as many tournaments as I have. Winning that kind of money in what, 18 or 19 tournaments? That's strong, man, strong."

Nicklaus, in front all the way, shot a final round four-under-par 68 for a 273 total and an almost-routine three-stroke victory in the rain-delayed tournament Monday.

Trevino, who established himself as the game's new folk hero with his lightning sweep of the American, British and Canadian Opens this summer, held a lead of some \$15,000 going into this tournament.

But he complained of being "punchy, mentally tired, just beat" and could finish no better than tied for 21st. He won \$1,425 for a \$231,201.97 total, still far better than Nicklaus' 1967 record of \$211,566.66.

N. Carolina Stunned by Princeton

By BERT ROSENTHAL

Associated Press Sports Writer Princeton Coach Pete Carril wants more time to savor his team's stunning victory over third-ranked North Carolina before venturing a prediction of how the Tigers will fare in this season's Ivy League basketball race.

"Just let me enjoy this one," said Carril Monday night when asked about Princeton's Ivy League chances after the Tigers had shocked last season's National Invitation Tournament champions 89-73.

"A great win ... a great win," he added.

"Princeton played a marvelous game," said North Carolina Coach Dean Smith. "We didn't expect their center or forwards to hustle as well as they did, and their guards were tremendous."

The underdog Tigers, 2-1, used a tenacious man-to-man defense in handing the Tar Heels their first setback in three games. They forged a 36-34 halftime lead and were clinging to a 58-57 advantage with six minutes gone in the second half, before taking command by outscoring North Carolina 16-4 in the next seven minutes for a commanding 74-61 margin.

Sophomore center Andy Rimmel paced the Tigers with 23 points, while the junior backcourt duo of Ted Manakas and Brian Taylor collected 21 and 16 points, respectively.

Bob McAdoo and Bobby Jones each scored 20 points for the Tar Heels. Jones fouled out with seven minutes left.

North Carolina was not the only member of the Associated Press' Top 20 to lose. Houston, ranked 12th, was upended by ambitious Southwestern Louisiana 97-88, and 20th-rated North Carolina State was surprised by West Virginia 87-75.

Meanwhile, Ohio State, No. 4, downed Utah State 71-60. Kentucky, ranked seventh, beat Kansas State 71-64. Jacksonville, rated eighth, trimmed Tennessee Tech 86-72 in an opening round game of the Civitan Tournament at Jacksonville after Florida State, tied for 18th place, routed Stetson 90-54.

Villanova, the other team tied for 18th, defeated Oregon 78-73, and Arizona State, No. 17, whipped Santa Barbara 91-71.

Some of the fans who came early to Candlestick Park to beat the rush hour traffic, hung out signs greeting the American Broadcasting Company's announcing team. One said, "Howard Cosell, Superstar."

But Dawson and Taylor stole the show.

"I thought we played a good game," said 49ers quarterback John Brodie. "We didn't play poorly. They're just a good team ... as good as any team we've played."

Brodie passed for 229 yards and threw a 25-yard touchdown pass to Ted Kwalick. But he threw the only interception of the night, which led to one of Jan Stenerud's four field goals for the Chiefs.

Kansas City, now 8-3-1, moved ahead of Oakland, 7-3-2, in the American Football Conference West after sharing the lead for about 30 hours with the Raiders. The Chiefs are alone on top now for the first time this year.

The young San Francisco team will have to beat another NFC West contender, the Atlanta Falcons who stand 6-5-1, and then hope that Washington can upset the Rams in the last Monday night game of the NFL season.

"The biggest disappointment was the amount of time we gave Dawson to throw, particularly in the first half," Nolan said after his team lost its first regular season game to an AFC club.

Dawson rolled up 198 yards passing in the first half. The touchdown pass to Taylor, on a first down play, came in the second period when the Chiefs totaled 16 points.

The touchdown to Taylor put the Chiefs ahead to stay, 10-3. Defender Johnny Fuller, who might have stopped the play from going all the way, slipped and fell as he made a move toward Taylor and the ball.

The 49ers' secondary ran into more bad luck in the last period, on a 30-yard pass play that set up Stenerud's final field goal after a Vic Washington touchdown for the 49ers made the score 23-17.

Few Changes in Football Poll

By THE ASSOCIATED PRESS

If you thought the Nebraska-Oklahoma game Thanksgiving Day decided who was the No. 1 college football team of 1971, well, think again.

Nebraska did finish in the top slot in The Associated Press' final poll of the regular season, announced Monday. But Alabama, 11-0, came in second, and the Crimson Tide has a chance to take over the No. 1 spot New Year's Night, when they battle Nebraska in the Orange Bowl.

Kansas City in Victory Over 49ers

By ERIC PREWITT

Associated Press Sports Writer SAN FRANCISCO (AP) — Len Dawson and Otis Taylor have upstaged the guys in the television booth again on the National Football League's Monday night television series.

The Kansas City Chiefs' passing combination pulled out all the stops in a 26-17 victory over the San Francisco 49ers in their latest prime time show.

With a victory over the Oakland Raiders next Sunday, Coach Hank Stram's Chiefs would clinch a division title and an invitation to the playoffs, which they missed last year when they were defending Super Bowl champion.

"It was very important for us to be on the attack and to stay on the attack. Our pass blocking was terrific," said Stram after Monday night's game which dealt a double blow to pro football fans in the San Francisco Bay Area.

Nothing seems to sharpen the Chiefs' passing attack like the Monday night time slot. Dawson completed 16 of 29 passes for 263 yards against the 49ers. One of the passes went to Taylor for 46 yards and a touchdown, and the big wide receiver scored another touchdown on a 25-yard run off an end-around play.

Earlier this year, the Chiefs beat Pittsburgh 38-16 on a Monday night as Dawson threw for 290 yards and three touchdowns, including two to Taylor. Last year Dawson fired four scoring passes in a 44-24 Monday night rout of Baltimore.

Some of the fans who came early to Candlestick Park to beat the rush hour traffic, hung out signs greeting the American Broadcasting Company's announcing team. One said, "Howard Cosell, Superstar."

But Dawson and Taylor stole the show.

"I thought we played a good game," said 49ers quarterback John Brodie. "We didn't play poorly. They're just a good team ... as good as any team we've played."

The Cornhuskers, the defending national champions who whipped Hawaii 45-3 Saturday night to finish the 1971 season 12-0, received 48 first place votes and 1,086 points, just 14 short of a perfect score, from the panel of 55 sports writers and broadcasters participating in the poll.

Alabama, runner-up with 954 points, got four first place votes, and fourth-ranked Michigan got the remaining three. Oklahoma, 10-1, which did not receive any first place ballots, finished third with 880 points, while Michigan, 11-0, had 797 points.

Penn State, trounced by Tennessee 31-11 Saturday, dropped from fifth last week to 10th this week. No. 5 Auburn, 9-1, No. 6 Georgia, 10-1, No. 7 Colorado, 9-2 and No. 8 Arizona State, 10-1, all climbed up one place from last week.

Tennessee, 9-2 after whipping Penn State, jumped from 12th to ninth, with Penn State, 10-1, rounding out the Top Ten.

Louisiana State, 8-3, heads the Second Ten, followed by Texas, Notre Dame, Toledo, Houston, Stanford, Mississippi, Arkansas, Northwestern and Washington. Last week it was Texas, Tennessee, Toledo, Notre Dame, Houston, Arkansas and Stanford tied for 16th, Mississippi and North Carolina tied for 18th and Washington No. 20.

A final poll, which will decide the national championship, will be taken following the bowl games.

Union U. Downs Arkansas State

JONESBORO, Ark. (AP) — Union University pulled out a victory over Arkansas State University 99-98 here Monday night.

The win was the third straight for Union and the second defeat in as many games for ASU.

Union hit 58 per cent of its second half field shots and was on top by eight points with ten minutes left to play.

Danny Sullivan paced the Tribe's shooting with 24 points, followed by Calvin Breedlove with 22.

Roger Jones hit 28 points for Union, including 12 in the second half.

Jardine Heads Staff for North

MONTGOMERY, Ala. (AP) — Wisconsin football coach John Jardine has been selected as head of the three-man staff for the North squad in the 34th Blue-Gray Football Classic, officials for the game said today.

North associate coaches for the Dec. 28, nationally televised game are Vince Gibson of Kansas State and Don Faurot, retired Missouri athletic director and head coach.

Already named to coach the Gray squad are Bill Peterson of Rice, Billy Murphy of Memphis State and Cecil "Hootie" Ingram of Clemson.

Former Giants' Tackle Improved After Surgery

TEANECK, N.J. (AP) — Former New York Giants' football player Roosevelt Brown was described in good condition today following surgery for injuries received in an automobile accident.

"He's in good condition, he'll make it," a spokesman for Holy Name Hospital said.

Brown received extensive cuts in an automobile accident Sunday night.

Brown, who was cut by the broken glass of his car, was first listed in critical condition. But following emergency surgery his condition improved to good.

Brown, star offensive tackle for the New York Giants from 1953 to 1966, was an all-pro selection six times.

Utah Stars Win Over Colonels in ABA Action

SALT LAKE CITY (AP) — The Utah Stars defeated the Kentucky Colonels 104-100 in a battle between the division leaders in the American Basketball Association Monday.

In the only game of the day for either pro basketball association, Utah sprung into a 10-point shooting spree in the final quarter.

Cincy Powell led the Colonels with 25 points but fouled out in the crucial last minute of play.

Utah had a balanced attack with Zelmo Beaty scoring 23, Red Robbins 19 and Glen Combs and James Jones 16 apiece.

The Colonels' 7-foot-2 wonder rookie, Artis Gilmore, had 18 and Louie Dampier put in 16.

It was Utah's 13th victory in 15 games and Kentucky's third loss in the same number.

The game was close through the first half with Utah leading most of the way. Kentucky slipped ahead by nine with 5:42 on the clock but the Stars worked up the kind of fourth-quarter comeback that is turning into a trademark for last season's ABA champs.

Ouachita Leads AIC After Win Over Monticello

By THE ASSOCIATED PRESS
Ouachita Baptist University moved into a solid first place Monday night in the Arkansas Intercollegiate Conference with a whopping 95-59 win over the University of Arkansas at Monticello.

Ouachita and Arkansas Tech had been tied for the lead of the conference, but that was before Tech dropped a game to Louisiana Tech 113-81 in Ruston, La., Monday night.

Louisiana Tech had six men hitting in double figures Monday night.

Ouachita outscored UA at Monticello all the field. Monticello hit on only 10 of its first 33 shots from the field. Ouachita was putting through 57 per cent of their shots.

In other AIC scores: Arkansas AM&N defeated State College of Arkansas 94-88; Southern State edged the College of the Ozarks 66-64 and Henderson beat Hendrix 94-83.

The College of the Ozarks almost managed to stave off a Southern State victory.

With 1:15 left in the game, the score was 61-59 in favor of Ozarks. However, free throws by Al Flanigan and Dennis Rivers continued to push the Mule-riders in the lead.

The Arkansas AM&N and State College of Arkansas game was also a cliff hanger.

In the second half, the Lions pushed out in front 63-51 and the Bears began to make their surge. With a little more than a minute left in the game SCA pulled within a point of AM&N 86-85.

At Arkadelphia Henderson defeated Hendrix 94-83.

Hendrix led for the first few minutes of the game, but Henderson pulled into the lead and remained in front.

The high scorer for Henderson was Mike Peterson with 30 points. He was followed by Larry Bay with 26 points.

Another high scorer in the game was Danny Thomas of Hendrix with 27 points.

Red China May Be Admitted to Olympics

TOKYO (AP) — A suprapartisan sports committee of the Diet (Parliament) asked the International Olympic Committee today to permit Communist China to take part in the Sapporo Winter Olympics in Japan and the Munich Summer Games in West Germany next year.

A spokesman of the 300-member committee said the request was contained in a letter sent by air mail to IOC President Avery Brundage by Hideki Kawasaki, an influential member of Prime Minister Eisaku Sato's ruling Liberal-Democratic Party and chairman of the Diet Committee.

The letter did not say Taiwan should be expelled from the Olympics but recalled that mainland China was admitted to the United Nations last October and is now regarded as the "sole legitimate" representative of the Chinese people.

Buffalo River Jumps Another Big Hurdle

WASHINGTON (AP) — The movement to create the Buffalo National River Park in Northwest Arkansas passed another hurdle Monday as the House Interior Subcommittee on Parks approved a bill to establish the park.

Most of the park would be located in the Boston Mountains in the counties of Newton, Searcy, Marion and Baxter.

The House bill to create the park was authored by Rep. John Paul Hammerschmidt, R-Ark. A similar bill is pending in the Senate.

Hammerschmidt said Monday that he did not think the House and Senate approval of the bill could be obtained before mid-year next year.

The committee recommended that a provision be deleted which would call on the federal government to make payments in lieu of taxes for park land off the tax rolls.

The department estimated the project would cost \$16.1 million for land acquisition and \$12.1 for land development.

Schools Forced to Close by Inflation, Taxpayers

By MALCOLM N. CARTER
Associated Press Writer
Inflation and an increasing reluctance by taxpayers to approve new levies have forced some of the nation's public schools to close and many others to effect stringent economies.

Some schools in Ohio, Missouri, Wisconsin, California and Washington have shut their doors until the new year brings renewed revenue. Officials in West Warwick, R.I., Philadelphia and New York City have warned that their schools may also close.

From Montana to Massachusetts, public schools have resorted to double sessions, elimination of extracurricular activities, teacher layoffs and greatly reduced services.

Mayors of major cities and villages have pleaded with state authorities for sustained or additional aid to keep schools open, but the states say

their resources have long been drained.

In Chicago, the Board of Education voted Monday to keep schools open for the remainder of 1971 by borrowing against the 1972 budget.

The board said it would seek new funds—additional state or federal aid—to avoid closing schools early at the end of the current academic year. Its anticipated deficit is \$26 million.

The board had previously announced plans to close schools for 12 days—from Dec. 8 until Jan. 3—to effect a saving of \$1.9 million a day in operating expenses and salaries.

Gov. Richard B. Ogilvie of Illinois has refused to authorize additional state aid for Chicago schools until the city and Cook County made recommended cuts in welfare spending.

In Kansas City, voters decide today on a 54-cent increase in 1971 personal and property taxes for schools and libraries,

which Kansas City School District officials say is necessary to prevent further cutbacks in services and to make some improvements.

The rate now is \$3.75 per \$100 assessed valuation.

City officials estimate the increase would raise some \$4.3 million, of which \$2.24 million would go for salary increases of up to 8 per cent for most of the school district's 5,500 employees.

Kansas City voters rejected a 90-cent increase in August.

In many states, maintenance and school construction have halted altogether.

Most educators interviewed in a nationwide survey by The Associated Press attributed their financial woes to inflation, excessive reliance on property taxes for revenue and the mounting reluctance of voters to approve construction bond issues or to increase their own tax bite.

Clam Is Valuable

Editor The Star: Andrew Hulsey, Director of the Arkansas Game & Fish Commission, recently reported that the Corbicula, an edible Japanese clam had become established in the White River in Arkansas and in some areas covered the bottom to a depth of several feet. This indicates that it has found an under-utilized food supply in this river.

This clam is extensively cultivated in Japan, commands a very high price, and accounts for almost half the money value of all inland fish production of that nation. It is a delectable food and is thought by the Japanese

people to have medicinal value.

It lives on plankton, the first link in the food chain of life in the water. It competes little with other aquatic life, with the possible exception of native clams and mussels, but by utilizing a surplus food supply and in turn becoming a valuable food for fish, it greatly improves fish production wherever it becomes established.

We increased the catfish production this year in a pond which contained these clams, and in another which contained fingerling clams, a native related to the Japanese clam.

Clam production in both ponds was apparently increased by White Amur, a plant eating fish, that were stocked with the catfish. This fish converted all of the coarse vegetation into organic manure, which in turn produced enormous amounts of plankton, which fed the clams.

This clam provides food for many aquatic mammals, fowls, and humans. There are reports that it has increased the duck population in the TVA lakes and it is cultured in many Asiatic countries to feed ducks.

The first stages of the life of this clam are a form of plankton suspended in the water, avidly eaten by all species of young fish. As many as 400 young clams in the planktonic stage have been counted in a cubic inch of water. Goldfish apparently consume the young clam in all its stages, since we only recovered adults which were stocked in a goldfish pond.

Both the native fingernail clams and the imported Corbicula could supply a fantastic amount of natural food in ponds where fish are cultured, farm ponds, and farm reservoirs, as well as in public waters.

WORLD ALMANAC FACTS

About 71 per cent of the earth's surface, or approximately 140 million square miles, is covered by the sea. Diffused in more than 300 million cubic miles of seawater are an estimated 10 million tons of gold, 500 million tons of silver and 20 million tons of uranium. The World Almanac says.

SHORT RIBS

Bumpy Flight

One moment Myrtle was gazing peacefully out the airplane window, admiring the view. The next moment the plane struck an air pocket, lurched downward, and tossed Myrtle right out of her seat.

The jolt dislocated her shoulder, and in due course she filed a damage suit against the airline. "As a common carrier," she argued, "the airline was obliged to deliver me safely to my destination. This they failed to do."

However, the court ruled that the plane's sudden plunge was an "act of God," hence nobody's fault. The court said that a bumpy ride is not yet possible under today's technology—and even a common carrier should not be expected to do the impossible.

Nevertheless, it is expected to do all it can. In another case, a pilot neglected to turn on the FASTEN YOUR SEAT BELT sign even though his plane had already entered a zone of turbulence. This time, when a passenger was injured in an accident like Myrtle's, he was held entitled to collect damages from the airline.

In a third case, a man was assured by a stewardess that there was "still time" to go to the washroom, just as the plane was approaching a known patch of choppy air. Again, injury. And again, airline liability.

But it is also true that the passenger must do his share to minimize the risk.

One passenger obediently hooked up his seat belt when the warning sign went on. But he left so much slack in the belt that there was still plenty of room for him to bounce. And when the plane hit turbulence, he did

Admits Slaying But Is Freed From Death Row

By JAMES GERSTENZANG
Associated Press Writer
HACKENSACK, N.J. (AP) — Edgar H. Smith Jr., free from Death Row after admitting the 1957 slaying of a teen-age girl, said, "It was a difficult choice, but I wanted to be free."

Smith, who was on Death Row longer than any American prisoner, said he felt he might have let some of his supporters down by changing his plea from innocent.

"I considered all that. But I also considered that I had been in jail for 14 years and 9 months. I looked at what I had been through. It was not likely I'd gain my freedom in the near future," he said.

Smith was freed Monday night after Superior Court Judge Morris Pashman accepted his plea of no defense in the bludgeoning of Victoria Zielinski, a 15-year-old high school student. The girl's body was found in a gravel pit in Bergen County on March 4, 1957. The plea was by agreement with the state to avoid a new trial.

Judge Pashman set sentence at 25 to 30 years, then gave Smith credit for time served, suspended the remainder of the sentence and put Smith on probation.

Smith, now 38, was convicted of murder in May 1957 and was sentenced to the electric chair. The conviction was overturned last June by a federal appeals court judge, who ruled that Smith's confession in 1957 had

been coerced and was unconstitutional. A new trial was scheduled.

Smith had escaped death 19 times by appeals and while in prison he wrote a best-selling book, "Brief Against Death."

Under questioning by Pashman Monday, Smith confessed to the crime.

"Mr. Smith," the judge asked in the hushed courtroom, "did you and you alone kill Victoria Zielinski?"

"I did," Smith replied in a barely audible voice.

"Was anyone else there when you killed her?" the judge asked.

"No," Smith replied.

After the judge's ruling, William F. Buckley Jr., the colum-

nist and television personality who financed many of Smith's court appeals, accompanied Smit to Trenton State Prison where he gathered his belongings and was discharged.

He drove with Buckley to New York to tape a television program moderated by Buckley, "Firing Line."

Buckley asked why he pleaded guilty after insisting on his innocence for 14½ years. Smith said there were several reasons, including the cost of a new trial and the problems it would create for his former wife Pat who is now remarried and living in a Western community where the details of her relationship with Smith were not known.

Unusual Gifts Take Money, Imagination

By JOY STILLEY
NEW YORK (AP) — If you're tired of giving those clichés like His and Her airplanes for Christmas, all it takes is a little imagination and a lot of money to distribute some unusual offerings this year. The catalogues supply the imagination. You provide the money.

For instance, how about an equine antique—a 41-inch-high wooden horse, carved in approximately 1650? It's \$2,000 and there's not much chance of your gift being duplicated.

Something a little more modest? For the kids a hot dog cart, complete with striped umbrella, heating unit and ice storage box. It's only \$1,295. But the mustard comes extra.

You can't make a silk purse out of a sow's ear, but somebody has made an evening bag out of a hollowed-out coconut. It's the real thing, polished, and with gold-toned fittings and chain handle. It costs \$125 to play this shell game.

And, speaking of the exotic, there's an "authentic fake" elephant tail hair bracelet in solid copper at \$18. If you don't go for genuine fakes and hanker for something that actually swished around in the jungle there's one made of four strands of the "authentic authentic" thing for \$12.

For the man who has everything but self-confidence, the perfect present for a better future is the "instant ego rebuilder." Press the button and hear cheers, applause, hoorays and bravos. At \$6 it's a lot cheaper than a psychiatrist.

The carefree soul who likes to whistle while his appliances work will love the whistle switch. Plug it into an outlet, plug an electrical device into it and blow on the special little whistle that comes with it to activate TV, hi-fi, movie projector, lights or whatever his lazy heart desires.

So the baby wasn't born with a silver spoon in his mouth? Never mind. It's now possible to feed him with a musical spoon, shock resistant, with a plastic handle and an on-off switch. No clue as to what it plays, but possibly it's "I'm Forever Blowing Bubbles."

An English secretary for \$365. Any man on your list would like that—till he finds out it's a desk that opens up to provide space for typewriter, lamp, books and other strictly in-city.

Wedding Vows Repeated

The Palace Grill was the scene of the wedding of Miss Ruth H. Williams of Hope to Mr. Miguel Castillo of Santo Domingo. The event took place Thursday, November 25, 1971, followed by a reception at the Civic Center in Hartford, Connecticut.

Bishop John Wilkins of the Cathedral of Saint Joseph performed the ceremony.

Parents of the bride are Mr. and Mrs. Harmon Williams of Hope. The groom's parents are Mr. and Mrs. Miguel Castillo of Santo Domingo.

Immediately following the reception, the couple left for their honeymoon in New York City.

Plans have been made for residence in Santo Domingo, Dominican Republic.

Coming and Going

Mrs. Ruby J. Williams, Miss Mavis Williams and Percy Williams have returned to their home in Hope after a three-week visit in Hartford, Connecticut. They were guests in the home of Miss Ruth Williams, daughter of Mr. and Mrs. Harmon Williams. The trip was completed after visiting friends in New York City.

DR. LAWRENCE E. LAMB

They Are High in Fat and Cholesterol

Consumers Misled About Eggs

By Lawrence Lamb, M.D.

Dear Dr. Lamb—Enclosed is a recent article from a trade publication from the egg industry. Can you please comment on it? You have stated many times the importance of not eating too many eggs. After reading this article, what do you say?

Dear Reader—The article you enclosed is very misleading and full of half-truths.

To illustrate the misleading nature of the article, consider the statement that eggs contain a 2-to-1 ratio of unsaturated fat to saturated fat and that this ratio has been proved to be effective in lowering cholesterol in the blood. The intent here is to lump all unsaturated fats together. The American Heart Association, and indeed the International Commission for

Heart Disease (reporting December, 1970), has pointed out that, of the unsaturated fats (monounsaturated and polyunsaturated), the polyunsaturated fats are the ones thought to be beneficial in lowering cholesterol—not monounsaturated fat. The Scandinavian government issued a national policy on diet similar to the position of the American Heart Assn. several years ago.

The U.S. Department of Agriculture analysis of eggs proves that eggs have only 5.5 per cent of their calories in polyunsaturated fat, all the rest of the 63.9 per cent of the calories from fat is saturated and monounsaturated fat. Neither of these fats is beneficial in lowering cholesterol.

Whole eggs are high in fat and low in polyunsaturated fat. They are the only

common food that is exceptionally high in cholesterol. Careful studies have demonstrated that fairly high intakes of cholesterol will increase, at least to some extent, the level of cholesterol in the blood.

There are several gimmicks used to confuse the consumer. A common one is to refer to unsaturated fat content versus saturated fat without any reference to polyunsaturated fats. There are a number of foods with reasonable amounts of unsaturated fat that are poor in polyunsaturated fat content. Still another ruse is to say a food is a low-fat food on the basis of the per cent of fat by weight, not calories. Thus, a piece of meat that is 10 per cent fat by weight is actually a high-fat food, because a lot of the weight of the meat is water and the fat contains a lot

Business Promises Jobs to Vets

By MARGARET GENTRY
Associated Press Writer
WASHINGTON (AP) — Businessmen mobilized to find jobs for Vietnam veterans so far have promised three times what they have delivered.

The National Alliance of Businessmen says it is placing veterans in jobs at the rate of 2,720 a month. If it is to meet its one-year goal of 100,000, it must more than triple that performance.

The NAB set the goal last June 23 when President Nixon called on the volunteer executives for help in combating high unemployment among Vietnam veterans. The Bureau of Labor Statistics reported Friday that unemployment among these veterans climbed to 8.2 per cent for November after a decline to 7 per cent in October.

With 300,000 recent veterans out of work, the group has a higher unemployment rate than the 6 per cent reported for the nation as a whole in November.

The NAB reports that employers had pledged 36,000 jobs for veterans as of Nov. 24, but that only 13,600 had been hired.

Even if all the 36,000 pledges were translated into paychecks, the NAB still would fall some 13,000 jobs short of its goal by next June.

The NAB, which operates on a \$5.7-million Labor Department grant and contributions from participating companies, has no figures on how long veterans hold the jobs NAB locates for them.

Whether the project is considered a success "depends on who you talk to," said Ronald E. Weber, NAB vice president for public affairs. "We're not unhappy at all."

Weber conceded in an interview that the program suffered from initial confusion as the NAB expanded into a new field, but said "these things have been worked out now."

In addition, he said, the nation's faltering economy has hurt the effort.

Sen. Vance Hartke, D-Ind., chairman of the Senate Veterans Affairs Committee, has expressed skepticism about the NAB effort and criticized the administration for emphasizing it.

"Commendable as this goal is, reports indicate that NAB is

firmative steps to encourage widespread participation of women, minorities and young people in the political process.

—The same kind of energetic appeal must be made to encourage representation of these groups as delegates to the national convention, "in reasonable relationship to their presence in the population of the state."

—That "full compliance with the guidelines," not a halfway attempt, be made.

The commission concludes its report by stating: "We believe that state parties should be on notice that whenever the proportion of women, minorities and young people in a delegation offered for seating in Miami is less than the proportion of these groups in the total population," and the delegation is challenged; "such a challenge will constitute a prima facie showing of violation of the guidelines."

THE ROAD TO LAOS starts at landing zones in South Vietnam such as Ham Nghi, where the all-important helicopters prepare for fresh missions ferrying troops and supplies to forward points along the Ho Chi Minh Trail. In foreground, the debris of war—spent shell casings and gasoline drums.

Investigation of Gambling in LR Continues

LITTLE ROCK (AP) — The U.S. Grand Jury for the Eastern District of Arkansas is scheduled to reconvene at 9:30 a.m. Thursday to continue what reportedly is a probe of illegal gambling in North Little Rock.

U.S. Atty. W. H. Dillahunty said he expected that Joseph Calva and Samuel Fowler, who refused to answer the jury's questions Nov. 29, would appear before the jury again.

Judge G. Thomas Eisele of federal District Court has directed the two to answer the questions or be held in contempt of court.

Calva is owner of the Checkmate Club and Fowler manager of the Town Hall restaurant,

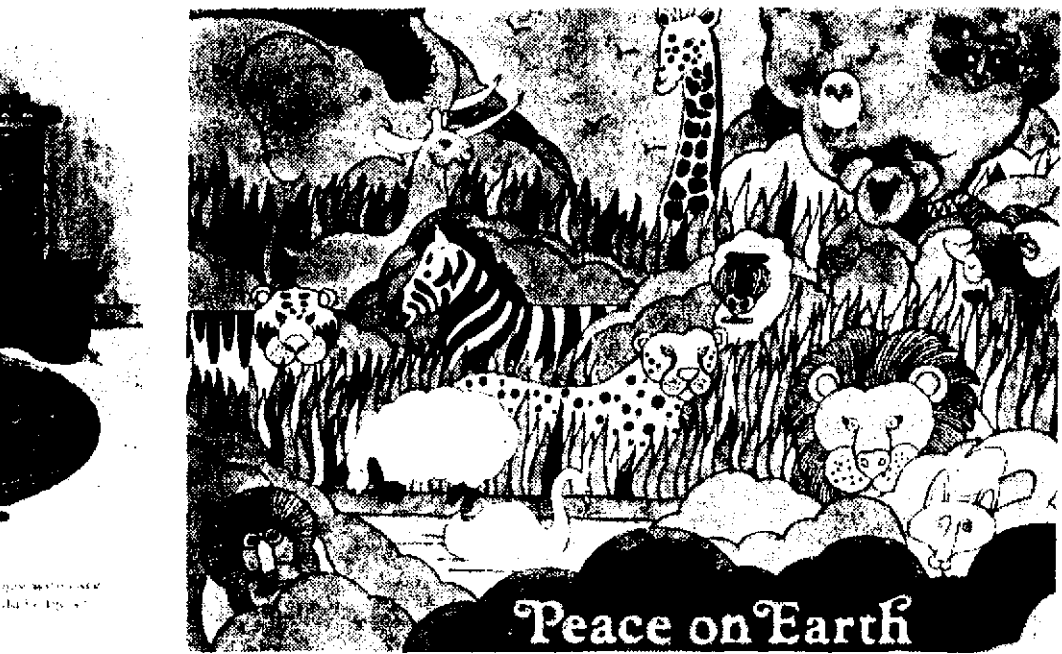

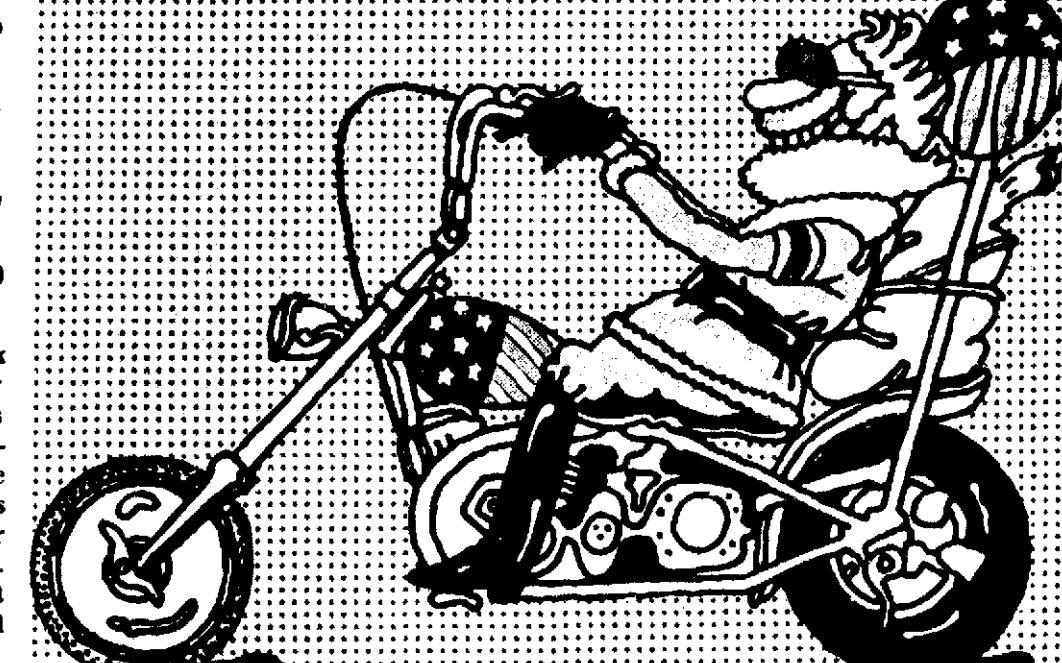

consistently behind its goal," Hartke said in a Nov. 29 speech. "I say this, not to fault the good intention of the National Alliance of Businessmen, but rather to emphasize that job responsibility rests with the government."

Would Switch to Plain Old Soap, Water

By JOHN STOWELL
Associated Press Writer
WASHINGTON (AP) — The Food and Drug Administration says hospital nurseries and mothers, who for 22 years have been bathing newborn babies with pilsolox and other hexachlorophene skin cleansers, should switch back to plain old soap and water.

New studies indicate the chemical enters the bloodstream of infants, and has been shown to cause brain damage in laboratory animals, the FDA announced Monday. Other studies question its effectiveness as a germ fighter, the agency said.

"Recent studies confirm absorption into the bloodstream when such products are used for daily bathing of infants and adults," the FDA said. "Since this use has not been shown to be safe and it is only possibly effective, it is contra-indicated (ruled out) at this time, except under the direction and care of a physician."

The agency Wednesday will order new labels warning against the use of 3-per-cent hexachlorophene products for total body bathing and advising a thorough rinse after use.

In addition, a drug bulletin has been sent to 600,000 doctors and other health professionals advising them of the action.

Companies have 30 days to respond, and six months to prove hexachlorophene's effectiveness as a germ killer.

The long-range effect on the hundreds of other hexachlorophene products, including the relatively new feminine hygiene deodorant sprays remained in doubt. Some physicians claim the sprays cause skin irritation.

The labeling order will apply to such products as pilsolox by Winthrop Laboratories Division of Sterling Drug, Hyperphaze by Colgate-Palmolive, and Gamophen soap by Artbrook Division of Ethicon.
